The ***side altars*** of our church hold beautifully carved wooden statues of Saint Isaac Jogues (left side of the church) and Saint Kateri Tekakwitha (right side of the church).

The ***stained glass*** on the main doors of the church depicts Saints Rene Goupil, Isaac Jogues, and John LeLande, and Saint Kateri Tekakwitha. Statues of these four are displayed in the Rectory's ***meditation garden*** directly across the street from the church.

We hope these remembrances will help each of us today and in the future. Light a candle. Spend some time in the meditation garden. Take a moment for prayer.

Kateri Tekakwitha was canonized by Pope Benedict XI on October 21, 2012.

In August and Labor Day weekend each year our faith community celebrates our heritage, and honors the North American Martyrs and the Lily of the Mohawks, by re-creating those long-ago days when the missionary would use his canoe as an altar to celebrate Mass and the consecration of the Holy Eucharist.
